GREAT REASONS to come and visit

DESIGN

beautiful - useful, and that little bit special. Contemporary yet steeped in history. Found in design led stores and hotels around the world

HERITAGE

flying the flag for British manufacturing, our mill has been weaving since 1831. It's been owned by the Griffiths family since 1912 and today employs over 35 people.

ATMOSPHERE

old industrial buildings - still being used in the way intended - and yes that means oily cogs

SHOPPING

anything but "run of the mill". We have a large stock of our very own blankets, throws and cushions, along with other great gifts

GREAT CAFE

the coffee machine is always on and we make a lovely cup. Fancy a cake, soup or a home cooked lunch? - that's no problem! Check out our regular Sunday lunch and monthly Supper Club and we advise you book ahead for these events

BEACH

just a stone's throw away, down the lane - through an avenue of trees
